## WATER WORKS QUESTION BEFORE THE CITY COUNCIL

### Committee Consisting of Three Members and the City Solicitor to Investi- gate the Matter of Purchas- ing the Old Plant

#### Statements of Councilmen in Discussing the Subject ---Other Routine Business Transacted Includ- ing First Reading of Telephone Franchise--A Busy Session.

The midsummer session of the city council which was held Monday night was a record breaker as far as time consumed and business transacted was concerned. The session put on the high speed lever and the grist which went through the hopper embraced almost every subject which has ever confronted any of the city fathers. President Fulton was in the chair and Councilmen Irwin, Blumer, Orr, Prior, Vogelmeier, Baker and Starr were present when the roll was called.

#### Reports Received.

The public service committee, which considered the ordinance relative to the stopping of the practice of astrology, palmistry, clairvoyance and kindred arts, reported favorably on the passage of the ordinance and their report was received and filed.

The law committee, which was appointed to consider the franchise asked for by the Newark Telephone Company reported that they were satisfied with the ordinance, for the citizens were fully protected, since both the manual and automatic telephones were to be installed.

The law committee also reported on the water works matter. The committee argued that the report from the Board of Trade and the Business Men's Club be carefully considered, for they said these men are heavy taxpayers and are not biased in their opinion.

#### Started Argument.

Mr. Orr suggested that the president appoint a committee to confer with the Board of Trade on the water works proposition, and in part he said:

"It seems to me that the motion of the law committee should be carried out and a committee be appointed to look into the matter."

Mr. Starr was decidedly against the appointment of a committee and said:

"That makes another backward step in the completing of the new water works and starts up another investigation of this plan after it has been up for the last 18 months or two years, and I do not see any sense in it myself. Of course, with all due respect to these men, who have taken it in hand, I think the only thing is for us to eliminate that part of it and go ahead on the plan and try and finish it up and not have another six months' wait."

#### Buy Plant If Needed.

In reply to Mr. Starr's speech Mr. Orr declared:

"In view of the fact that it has been taken by the Board of Trade and Business Men's Club, I think we ought to take this matter up and place it in charge of a committee. It is appointed by the council and have their report in the near future or the meeting in two weeks, and if the report will name a price, that is right for the old plant, that it would be a good thing to take it up if we can buy it right."

#### Favors a Committee.

Mr. Baker was in favor of appointing a committee and in expressing his favor of this move, remarked:

"I have been in council during all the time this water works has been under consideration, and I think we should go on and complete it. It was put up to the people to vote on the purchase of the old plant, and they did not want it, and I think that we should go ahead and complete the new water works. I offered a resolution myself two years ago offering them \$100,000 and then for them to appoint a committee to meet the members of this council and they said they did not have to do it and would not do it, and that has been the end of it, and I do not feel like saying anything in favor of it at all any more and shall not vote for any motion to buy it. If the people

had wanted it, they would not have voted it down."

#### Wants Matter Settled.

Mr. Prior wants the water works question settled and he said so plainly when he replied to Mr. Baker's remarks by saying:

"This water works question has been discussed time and time again, (Continued on page 7, column 1.)"

## MYSTERY SURROUNDS THE DEATH OF CHAS. L. CONDIT FOUND FLOATING ON LAKE

Mystery, deep mystery, surrounds the death of Charles L. Condit, a farmer of Pataskala, whose dead body was found in Buckeye Lake near the pier at the Blue Goose Monday morning.

The supposition that he had drowned some time Sunday night or early Monday morning was dispelled when the coroner conducted the autopsy at the McGonagle morgue late last night. When the body was opened, it was found that Condit's lungs were free from water, not the least indication being found that he had drowned. Further than this, Coroner Marriot refused to talk of the matter until he had pursued his investigation further. This afternoon he is at the lake in search of new evidence.

Monday night the report was circulated that Condit was a detective and that he was engaged in the duties of this office when he went to the lake Sunday night.

It has been learned that no evidence was offered or obtained Monday that would warrant such a belief, though it is claimed that the official investigation is being conducted along these lines. The theory has been advanced that Condit might have been mistaken for a detective but the officials refuse to comment on the case this afternoon.

held an inquest in the office of the McGonagle undertaking establishment where six or eight witnesses were examined. These included the operator of the boat which was upset, the man who was running the boat when the body was discovered, Andrew Moolie and Miss Agnes White, both of Columbus, who were in the boat accident, and two women who were at the Blue Goose when the body was found.

Late in the afternoon, Coroner Marriot and Officer Moser went to the lake to locate the remains of the Pataskala place there and took the testimony of eight or ten more witnesses. He returned last night but refused to discuss the matter.

About ten o'clock Mrs. Marriot, Jackson and Wylarch conducted an autopsy on the body of the dead man at the McGonagle morgue. The skull was opened and thoroughly examined. It is claimed that the investigators found nothing that would warrant them to believe that Condit died from a blow upon the head. It is semi-officially reported that Condit had a slightly discolored optic, a slight abrasion over the ear, besides the cut behind the ear which was mentioned in Monday's Advocate.

The chest and abdomen were opened and the organs thoroughly examined. As stated above, the lungs were free from any suspicion of water. As to the other organs, Coroner Marriot was non-committal. He admitted that there was a mystery connected with the case.

After the autopsy had been concluded and the body placed in normal condition again, the physicians dismissed the results of their work and decided that the would reopen the body and make sure that their

## LEWIS BOLTON BOUND OVER WITHOUT BOND

The preliminary hearing of Lewis I. Bolton was held Tuesday afternoon at the city prison before Mayor Arkel. The defendant was represented by Attorney James Fitzgibbon and Frank A. Baker and the state by Prosecuting Attorney Phil B. Smythe and State's Attorney Miller. After hearing the evidence of three witnesses for the state and thirteen for the defense, the mayor found Bolton over to the grand jury without bond.

Lewis I. Bolton was arrested Sunday evening at Delaware by a Columbus detective on a first degree murder warrant, which charged him with being an accessory to the lynching of Carl F. Hermon in this city on the night of Friday, June 8. He was brought to Newark Monday morning and placed in the city prison to await his preliminary hearing which occurred Tuesday afternoon. He will now probably be transferred to the county jail.

## GUILBERT HAS SETTLED CLAIM OF THE STATE

Columbus, Aug. 2.—Attorney General Duncan announced today that former Auditor of State Walter B. Guilbert had settled the state's claim against him and the Capital Trust company of which he is president for \$57,712.22 alleged to be due the state as interest on state funds that Guilbert deposited in his own trust company during his term of office.

The state had made a claim to the receiver of the Merchants' and Manufacturers' National Bank for \$31,800, alleged to be due the state as interest on deposits that Guilbert made in the bank from January, 1904, to the end of 1906.

The charge is now made that Guilbert received interest from the Merchants' and Manufacturers' bank, but the bank paid no interest to the state during that time.

## MONDAY AFTERNOON THE CORONER OBSERVATIONS HAD BEEN CORRECT. THIS WAS DONE TO AVOID ANY POSSIBILITY OF ERROR. NOTHING NEW WAS REVEALED AT THE SECOND EXAMINATION.

Tuesday morning Undertaker McGonagle took the body of the dead man to Pataskala on the early Pan Handle train. At Pataskala it was turned over to the local undertaker, who removed it to the home of Mrs. W. D. Condit, mother of the unfortunate young man.

The funeral services will be conducted from the mother's home Wednesday morning and the body will be buried in the Pataskala cemetery.

#### TWICE IN HOSPITAL.

The records of the probate court show that Charles L. Condit was sent to the state hospital at Columbus from Licking county on two different occasions.

The first time he was adjudged insane was on September 24, 1901. At that time he was aged 29 years, was single, and it was his first attack. He was troubled with sleeplessness and had a tendency to suicide. His trouble was caused by a fall in which he fell on his head.

On June 10, 1907, he was again adjudged insane. At this time he was still single. He persisted in lying in bed day after day, his trouble being caused by gastric catarrh.

On October 21, 1907, he was discharged from the hospital, his condition having been improved.

## CONDIT FUNERAL AT PATASKALA, O.

Funeral services for the young man who was found floating in Buckeye Lake Sunday night will be held at Pataskala, O., Wednesday morning. The body was taken to Pataskala on the early Pan Handle train Monday morning and was turned over to the local undertaker, who removed it to the home of Mrs. W. D. Condit, mother of the unfortunate young man.

The funeral services will be conducted from the mother's home Wednesday morning and the body will be buried in the Pataskala cemetery.

## RIOTING CONTINUES AT CAPITAL

### In Spite of Soldiers and Police Fresh Out- breaks Occur

### RIOT WARNING ISSUED

#### Dick's Gold Braid Staff Causes Comment on Part of Governor.

Columbus, Aug. 2.—Determined to bring about a settlement of the street car strike if there is any possible way to do it, Governor Harmon prepared today to force the peace issue. Working with him in this end are State Labor Commissioner Wilmer and Joseph Bishop, secretary of the state board of arbitration.

Just now the company and the union are a long ways apart as far as a settlement goes, but the governor's efforts are being directed towards finding out what each side wants and how far each side is willing to go. When that is understood clearly the governor figures that it will not be difficult to find common ground on which to start settlement negotiations. Within the next few days some of the soldiers may be sent home, if it is seen that a smaller number can handle the situation.

Directors of the chamber of commerce met this morning to devise means of aiding Governor Harmon in his efforts. The meeting, yesterday, of the chamber of commerce members was fruitless, so far as peace was concerned. Representative business men are ready to work on any proposition which appears to hold the promise of a peaceful end of existing conditions.

Governor Harmon went to Cleveland yesterday and was at his office this afternoon.

The governor is quoted as saying in Cleveland last night that the company must come to terms with the striking car men or the local authorities must again address themselves to the task of holding down the lid on lawlessness in the immediate future. According to the Cleveland interview, the governor believes the state troops can be withdrawn and the local authorities can maintain order with their regular force, aided by special police.

Safety Director McCune, succeeded yesterday in securing only five men to serve as special police. Mayor Marshall and Director McCune were unaware last night that the governor planned to withdraw the soldiers, as indicated in the Cleveland interview.

Sheriff A. E. Savaian has not exercised his power to forcibly press citizens into service as deputy sheriff, and probably will not do so.

In the opinion of the city authorities it would be impossible to control the situation with the small regular force and inexperienced extra men. Deputy sheriffs, created arbitrarily by exercise of the sheriff's prerogative, have never proved efficient, according to local officials.

While the city was heavily patrolled by the police and soldiers yesterday and last night, there was not an entire absence of violence. At one point on the Long Avenue car line, where the military patrol had previously been posted, a crowd from a car, boarded the car and turned on the power, turning the car on its wheels.

To military officials, this demonstration of the local police was inadequate to control a single car, and they are now being considered as a possible cause of trouble. The crowd, however, was quickly dispersed by the police.

The crowd, however, was quickly dispersed by the police.

## WAR ON COX

Cleveland, Aug. 2.—Active war on Cox of Cincinnati, a factor in the politics, will be begun by the Ohio legislature, which is now in session. The Ohio legislature will be drawn by Burton of Ohio, legislative republican (Hill, August 1st, Bolton's declaration of war against Cox is not a wide spread comment to day.

## TWO NEWARK WOMEN WHO DIED FROM BURNS

Impressive funeral services were conducted Monday afternoon over the body of Miss Gertrude Anderson, one of the victims of the fatal burning at the home of Mrs. Anderson, the parents of the girls, last Friday night. The services were conducted by Rev. Mr. Hiddle from the undertaking establishment of James A. McGonagle. A large number of friends of the young woman were present besides the relatives and the members of the immediate family. The service was brief. Six young women dressed in white acted as pall bearers. They were friends and companions of the dead girl.

The floral tributes speak highly of the young girl's popularity and the pretty casket was covered with many beautiful flowers.

Mrs. Anderson, the girl's mother, was not able to attend the funeral. She has suffered much mental anguish since the accident and her condition Monday was such that she could not stand the additional strain of the sad rites over her daughter.

## STATE TROOPS FIRE ON MOB AT COLUMBUS

Columbus, O., Aug. 2.—Troops fired on a rioting mob for the first time since the beginning of the strike last night at the approach to the Goodale street bridge across the Olentangy river. No one was struck so far as is known. Several volleys were fired by the soldiers before the last of the mob disappeared. Colonel Edward Vollrath of the Eighth Regiment, Adjutant General Weybrecht's own, was in command of the troops and ordered them to fire. The order was the most drastic issued during the strike.

Cars were stoned persistently during the evening at the Goodale street bridge and ordinary methods failed to clear the section of rioters.

Details of troops and police were sent into the territory again and again and each time the mob returned in spite of the guards who were posted. Two Arlington cars were held up at the time the shooting occurred.

The mob, after throwing volleys of stones, would hide in a field of weeds near the bridge approach and later continue the vandalism from hiding places. It was almost impossible to dislodge the crowds that lay flat on the ground.

Tired of repeatedly sending detachments into the district, Colonel Vollrath ended the rioting by ordering his soldiers to fire. It is not believed that anyone was hurt, although search in the weeds this morning may reveal injuries suffered by the rioters.

Cars throughout the North, Northwest and Eastern districts of the city were steadily and persistently stoned, last night, as long as the cars were run.

In Leonard avenue the stone-throwing leader issued orders and directed the men under him.

At Leonard and St. Clair avenues last night all members of a crowd concentrated their fire of stones on the front vestibule of a car. The heavy bricks nearly tore off the vestibule. It was splintered and broken. Police were sent to this section several times, as were troops.

Troops were called to North Fourth street where a desultory fire of stones was continued all evening.

Wires were cut at Front and Vine streets on two occasions last night. Warnings had been given the nonunion men that no car should be run through that district. A detail of troops was stationed at the storm center. Wires also were cut in Goodale street.

## ROOSEVELT MAY TOUR WEST AND OPEN FIGHT ON ADMINISTRATION

Oyster Bay, N. Y., Aug. 2.—Undaunted by the adoption of a standard platform by the Ohio Republican state convention, Theodore Roosevelt is said to be prepared to make an aggressive battle for "my policies."

He is going to take the fight into the western states, where, it is said, he believes the progressive wing of the Republican party is in the ascendancy. While partisan politics is to be avoided on the western tour, Mr. Roosevelt in his speeches will make his position clear on many important questions.

Announcement from Beverly, Mass., of the proposed tour of Senator Crane of Massachusetts, through the west, to measure President Taft's political strength, is accepted here as an open declaration of hostilities between the present occupant of the White House and its predecessor for control of the Republican party.

Mr. Roosevelt has not indicated that he is in the least worried by the determination of the administration to hold out most where it stands in the estimation of the people.

Thousands of letters have been received since Mr. Roosevelt returned from Europe, and he is now convinced that he will be able to carry out his work of the last session of congress and the Taft administration, have proved a great disappointment to millions of voters throughout the country. While Mr. Roosevelt is not doing any "stunt" now, who know him best are pretty well convinced that he has not so much as "laid down" during the last six weeks.

## MAY LOSE SIGHT OF BOTH EYES

Mr. Edward K. ... (The text is partially obscured and difficult to read in this section.)

## JEALOUSY CAUSES A TRAGEDY

### Bodies of Wealthy Doctor and Woman Found on Bed of Pittsburgh Home

### WAS FEARFUL STRUGGLE

#### Woman Killed Physician and Afterwards Turned Revolver Upon Herself.

Pittsburgh, Aug. 2.—One of the most sensational crimes in the history of Pittsburgh was uncovered here shortly before last midnight, when the nude bodies of Dr. Emert C. Stewart, rich and a leader of society, and Edna Wallace, a beautiful woman of the lower world, were found in his bed in the palatial Stewart homestead, 5604 Pennsylvania avenue.

There is every evidence that the Wallace woman killed Dr. Stewart after a fearful struggle and then turned the revolver on herself.

The crime is supposed to have been committed sometime within the last six days, though the condition of the bodies when found last night led the police to believe that the pair had been dead some weeks.

Later witnesses were found who saw a man and woman enter the Stewart homestead three days ago.

The evidence indicates that the Wallace woman, who was long a friend of the young society doctor, became enraged when shown the wedding garments of Dr. Stewart, who was to have been married some time the coming week.

His wedding suit lay almost torn into ribbons in the room where the bodies were. The woman evidently had tried to tear up the clothes in her rage. The doctor, in his efforts to save the clothing and his own life, had overturned and broken almost everything in the room.

Edna Wallace was proprietress of 122 Lambert street, a resort frequented only by the very rich men of Pittsburgh or by those who have access to the homes of the rich.

Dr. Stewart, who had three to the best society, and was a leading clubman of the city, was the favorite nephew of D. C. Stewart, a man of great wealth, who about one year ago left Pittsburgh for Virginia and turned over the old Stewart mansion on Pennsylvania avenue to the rising young doctor of 30 years.

This made the standing of Dr. Stewart certain among Pittsburgh's "lions."

The police assert that they do not know the name of the young woman to whom Stewart was to have been married, but intimates of the Wallace home, taken in charge by the police, declared that Dr. Stewart, while visiting the woman, slapped her in the face when she mentioned the name of his intended wife.

"If I get you yet," the Wallace woman is alleged to have said to Dr. Stewart, with whom she was madly in love.

Some nights ago he returned to her place and they later motored away together, apparently happy.

It would seem that the pair went (Continued on Page 8, Col. 4.)

## MAY FOLLOW SRAIN'S EXAMPLE

Liston, Aug. 2.—Indications today are that Portugal will soon follow the example of Spain in severing diplomatic relations with the Vatican and will inaugurate an active campaign to divorce state affairs from the Catholic church.

Demands for the recognition of Portugal as a free state, and the severance of diplomatic relations with the Vatican, are being made by the Portuguese people.

## GANS ON WAY HOME TO DIE

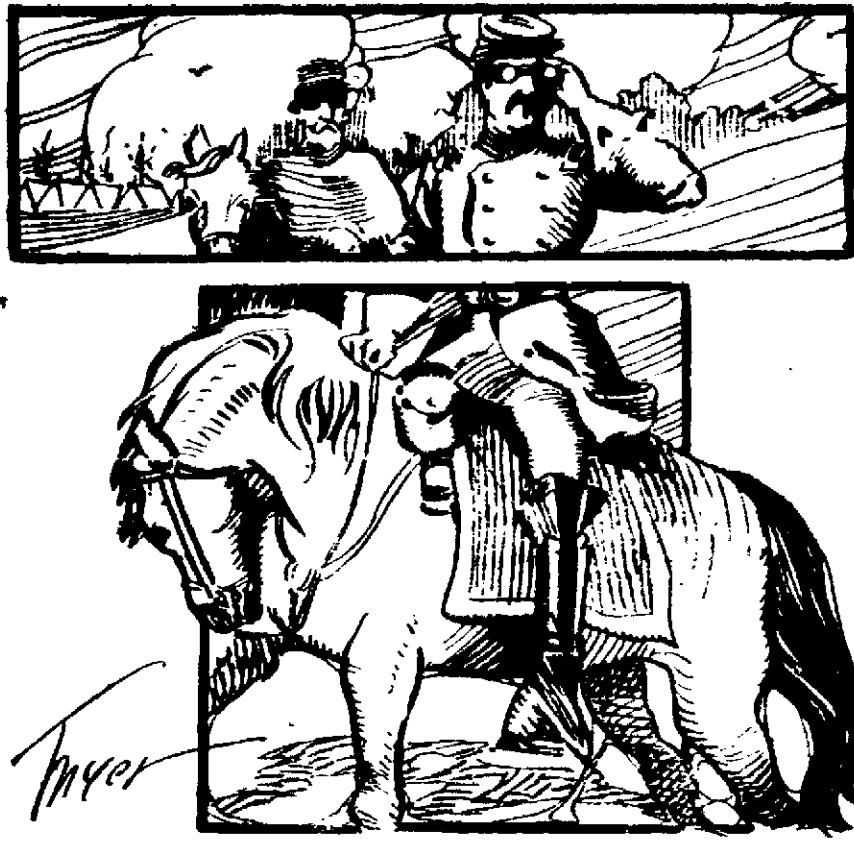

Baltimore, Aug. 2.—Preparations are being made by the negroes in this city today to greet Joe Gans when he returns here, for the game little fighter will receive no more ovations after this one. He is coming home to die, a victim of the great white plague. He left Prescott, Arizona, last night. Gans is to be received as a conquering hero in order that his last days may be happy ones.

In Woman's Realm

Tuesday evening a party of young people were delightfully entertained at the home of Mr. and Mrs. W. H. Hukill in West Main street in honor of the tenth anniversary of their son Thomas. During the evening a number of games were played, after which a delicious luncheon was served. Before departing for their homes the children engaged in a peanut hunt and Edna Rine received the prize. The house was suitably decorated for the occasion. The young man received many beautiful presents. Those present were: Misses Katie Slovick, Mary Applegate, Edna Rine, Leona Morrison, Irene and Ethel Aungst, Lura Shultz, Dorothy Taylor, Mamie Rotheisterine, Messrs. Thomas Hukill, Harry Shultz, Roy Smith, Russel Rine, Robert Barrett, Herbert Rine, Eugene Hamlin, Walter Smith, Osadore Rotheisterine, Willie Hukill, Jr., Clark Right, Caylup Betz, Mr. and Mrs. Will Taylor, Mr. and Mrs. Bert Rine and Miss Belle Morrison of Thornville, O.

The Thursday Afternoon Bridge club will convene this week on Wednesday instead of the regular club day, Mrs. W. H. Davis being the hostess.

Miss Anna Sprague entertained a number of guests on Monday evening with a party for her guest, Miss Helen Daniels of Philadelphia, Pa., and the time was informally spent and a delicious supper served.

Miss Sprague's guests were: Misses Corinne Miller, Mabel Jones, Nellie Jones, Annette Besiden, Ann Davis, Hazel Altschul, Mary Nichols, Sarah Seymour, Marger, Collins, and Miss Daniels, Miss Helen Brown of Indianapolis, and Miss Katherine Courtney of Mobile, Ala., Messrs. Carl Swisher,

Arthur Schauweker, Neil Martin, Walter Brown, Adelbert Conley, Ralph Priest, Donald Ferguson, Charles Kibler, Edward Kibler, Harry Chilcote, Bob Hayes.

One of the features of the evening that proved entertaining was the vaudeville sketch, cleverly put on by Messrs. Edward Kibler and Adelbert Conley.

Society events will be numerous during the next month in the younger society set as a number of affairs are being planned henceforth out-of-town guests who will arrive next week. Miss Anna Louise Shepley of South Fourth street will have as guest Miss Josephine Johnson of Ft. Royal, Va.; Miss Mabel Jones of Newark will be a guest of Miss Elsie Seaverns and August 4 Miss Ethel Tredway of Columbus, a popular bride-elect of the early fall will be the guest of her former school friends the girls of the J. H. D. crowd.—Columbian Age.

Miss Bertha Fulton will entertain the Wednesday Afternoon Sewing club tomorrow at her cottage at Buckeye Lake.

Mrs. Charles Montgomery will honor Miss Katherine Courtney of Mobile, Ala., on Thursday afternoon when she will entertain a few friends at luncheon, at her home in Granville Road.

The following young people spent Monday afternoon at Norpell's bungalow in Love's Lane, and supper was served on the lawn. Misses Mildred Robe, Edna Alspach, Helen Wright, Juliette Beuden, and Mary Caliney.

On Tuesday morning a small party went to the Norpell bungalow in Love's Lane where the day is being spent in picnic fashion. Miss Louise Norpell

HEALTH AND BEAUTY TALKS

BY MRS. MAE MARTYN.

A. W. A.: You say you can find nothing that will protect tender skin from the sun. Try this and I know you will not suffer from sunburn again. Rub on a little of this four ounces of spumant in one-half pint of hot water and add two teaspoonsful of glycerine. Apply this, with the palm of the hand, to the face, neck and forearms in the morning and you will find it will not rub off or show like powder. It is a true complexion beautifier, for it restores and preserves the soft and rosy color of youth. This inexpensive lotion is especially fine for those who have dark, sallow or oily skin.

S. L. J.: Very few women are blessed with eyes that are naturally "beaming and radiant." Most probably those dazzling eyes you envy are the result of using a tonic to strengthen and brighten the eyes. Get from your druggist one ounce of Eysmo and dissolve it in a pint of water and you will find a perfect home-made eye tonic. One or two drops in each eye will relieve inflammation, dullness, redness and soreness. It is a real smart or burn. Many persons with weak eyesight find that an application with Eysmo after using this tonic daily for a month or two.

G. L. M.: "Shampoo" is a word of Hindoo origin and means to lather, rub and wash the head. When used as a shampoo for shampooing, dissolve a teaspoonful in a cup of hot water; pour on the head a little at a time and rub well—just as you would wash an ordinary shampoo. Then wash with warm water. Shampoo makes an abundance of lather and when applied to the scalp of which you complain, for it is nothing more nor less than dandruff. Don't use soap when shampooing, for it leaves the scalp dry and the hair falls out in streaks in the hair when drying. When you use shampoo the hair dries quickly and is soft, bright, fluffy and not sticky.

Osiris: Have you tried to preserve your youthful looks? Is your husband correct when he says you do not look as young as you should? If you want to keep your skin clear, fresh and velvety, you must take care of it. Use almond cream daily both as a face and face cream and your complexion will be fine and free from blemish. Get from your druggist one ounce of almond, dissolve it in one-half pint of glycerine, stir well and let stand overnight. Then you have a cream that contains no oils or fats to make hair grow or cause the skin to become greasy and greasy. As a treatment for blackheads it is effective and at the same time "mild as milk" for it completely removes the pore-dirt and decreases the size of the pores, so that

COURT NEWS

Appointed Administrator.

Charles H. Bolin has been appointed administrator of the estate of George A. Bolin, deceased, of this city.

Files Bill of Exceptions.

A bill of exceptions has been prepared in the case of the State of Ohio against Jerry Baker. A search and seizure warrant was issued against Baker's place on South Second street. The place was raided, Baker arrested, tried, convicted and fined by Mayor Ankele for keeping a place where intoxicating liquors were sold. Baker has taken the case to the Circuit court asking for a reversal of the judgment.

Appointed Receiver.

The Court of Common Pleas of Muskingum county yesterday appointed Attorney Wayne Collier of Newark as receiver of the Walnut Hill Coal Mining company. The company owned and operated an electric mine in Muskingum county with headquarters in Detroit. The company is a Michigan corporation. Receiver Collier's bond was \$50,000.

MEMBERS' SELECT LIST OF OHIO  
DAILY NEWSPAPERS.  
New York Office: 116 Nassau street.  
Robert T. Jones, Eastern representative.  
Entered as second class matter  
March 29, 1887, at the postoffice at  
Newark, Ohio, under the Act of March  
3, 1879.

## Aug. 2 In American History.

1811—William Williams, "signer" for  
Connecticut, died, born 1731.  
1896—President McKinley announced  
the terms upon which he offered  
to make peace with Spain.

## ASTRONOMICAL EVENTS.

(From noon today to noon tomorrow.)  
Sun sets 7:10, rises 4:34; moon rises  
2:33 a. m.; moon farthest north; 6:10  
p. m., moon in conjunction with Venus,  
passing from west to east of the  
planet 4 degrees north thereof; 9:50  
a. m., moon in conjunction with Neptune,  
passing from west to east of the  
invisible planet.

## WATER WORKS AGAIN.

Councilman Louis A. Stare is  
opposed to the purchase of the old  
water works at any price, as he has  
a perfect right to be, but instead of  
attributing improper motives to the  
Newark Board of Trade and the New-  
ark Business Men's Association, which  
recommended the purchase, Mr. Stare  
should recite his reasons, if he has  
any, for opposition to the proposition.  
At the informal meeting of the  
Board of Trade, Business Men's As-  
sociation and City Council last week the  
proposition was dissected thoroughly.  
At that time Mr. Stare spoke in favor  
of completing the municipal plant  
without regard to the old plant and his  
only argument was that the old  
pipes would not stand over 80 pounds  
of pressure and were therefore not fit  
to give Newark the needed fire protec-  
tion. Mr. Stare's point was well taken.  
If true, but Chairman James F. Irwin  
of the Board of Trade committee, re-  
plied that the old water mains are  
continually under a pressure of 110 to  
113 pounds which fact is capable of  
substantiation by anybody who wants  
to take the time to prove it.

When the law committee at Monday  
night's session of the City Council re-  
commended favorable action on the  
Board of Trade's report and adopted  
the committee's recommendation to  
confer with the owner of the old water  
plant, Mr. Stare arose and denounced  
the whole procedure, pronouncing it  
an obstacle in the city's way and di-  
rectly accused the men who proposed  
and who recommended the purchase  
of being actuated by improper motives  
or of having been influenced by those  
who have an "ax to grind."

This is a serious charge to make  
against the business organizations of  
Newark. As it was made in an open  
meeting of the City Council the charge,  
which, if it had been made in a private  
confereration or a less conservative way,  
might be ignored, can not well be  
overlooked.

If there is a sane man in Newark  
who questions the loyalty of the New-  
ark Board of Trade his identity is not  
known. This organization is made up  
of the leading men of Newark. It is  
an organization which has done more  
for the growth and the advancement  
of Newark than any other single force.  
It is made up of the men who are suc-

## Hicks' Capudine

Cures Headaches—All Kinds—Grip-  
Cold, Aches From Malarious  
Conditions, Etc.

Capudine cures Headaches, whether  
from heat, cold, brain-fag, over-exertion  
or stomach troubles. It cures sick head-  
aches and nervous headaches also.  
Capudine is also the quickest and  
best remedy for attacks of Cold or Grip-  
It relieves the aching and feverishness  
and restores normal conditions.  
Capudine is liquid—easy and pleasant  
to take—acts immediately. 10c., 25c.  
and 50c. at drug stores.

cessful in their own business, men  
who pay the largest share of the city's  
taxes and who might be assumed to  
have the city's real interest at heart  
and who might be capable of looking  
upon this proposition from a business  
standpoint.

The Board of Trade has no love for  
the old water company. One of the  
committeemen, Mr. Edward Thomas,  
said that he had been as strenuous an  
opponent of the old water company as  
Mr. Stare ever dared to be yet. Mr.  
(Thomas) had taken the time to go  
into the question thoroughly and had  
with other members of the committee  
fully agreed that beyond question it is  
to the city's financial and business in-  
terest to get the old plant out of the  
way and the committee after long  
work had unanimously recommended  
the purchase of the old plant at a  
price that would be a bargain to the  
city.

Here is the personnel of the water  
committee appointed by the Board of  
Trade:

James F. Irwin  
Edward Thomas  
Wesley Montgomery  
Fred C. Evans  
E. L. Weisberger  
H. B. Dick  
Wm. H. Smith.

These men are all sound business  
men who have trained minds capable  
of grasping the situation. They are  
capable from knowledge and experi-  
ence, are honest and wholly trust-  
worthy.

The directors of the Board of Trade  
are: Wm. L. Froot, L. M. Phillips, F.  
M. Black, W. W. Gard, Wm. C. Wells,  
C. W. Miller, J. G. Barrett, Frank S.  
Neighbor, Fred C. Evans, Carl Nor-  
well, C. H. Spencer.

There are only a few of the men  
who joined in the recommendation  
made by the committee. In addition  
such men as Harry Swisher, C. E.  
Hollander, Clifford Frye, E. S. Ran-  
dolph, J. H. Newton, Frank L. Beggs  
and F. A. Bolton spoke at the council  
meeting in favor of approving the  
committee's report. Does Mr. Stare  
himself believe that these men are  
actuated by improper motives or that  
they have allowed themselves to be in-  
fluenced by any one who has an "ax  
to grind"? If Mr. Stare believes it  
he stands almost if not quite alone.

Briefly stated the business men's  
reason for asking the council to buy  
the old plant are these:

Newark has already expended \$450,-  
000 for water works and must yet  
spend about \$150,000 before the plant  
is finished. It will take at least two  
more years to do so.

To complete the plant these things  
are needed: a reservoir (\$40,000);  
house connections (\$30,000); parallel  
service line from plant to city (\$15,-  
000); additional pipe laying, etc. at a  
cost that can not be accurately esti-  
mated. If the city proceeds to finish  
its own plant it will lose the \$21,000  
annual income it would now receive  
by buying the old plant and when  
the new plant is completed it will  
continue to have a competitor in busi-  
ness. Nobody is so foolish as to be-  
lieve that the city can obtain the old  
company's business as a whole. To  
obtain any appreciable part of it will  
mean work, time, expense and will  
mean the tearing up of every street in  
town once more.

To buy the old plant means the  
paying to the city of the cost of res-  
ervoir construction, new pipe laying  
and service connections. It has been  
demonstrated that that part of the  
old plant which can be used in con-  
nection with the new municipal plant  
is just as good as new and the rest of  
it can be junked if the city wants to  
do so.

Many business propositions are suc-  
cessful to arguments from opposing  
viewpoints, but if this question has  
more than one business aspect we  
should like to see it. The Board of  
Trade is right. It is honest in its pur-  
pose, logical in its argument, fair in  
its recommendation. It is to the in-  
terest of the taxpayers of Newark to  
have its recommendation adopted. This  
is no time for prejudice or un-  
trained minds to rule in a proposition  
of such magnitude. If Mr. Stare is op-  
posed to the purchase at any price he  
has a right to his opinion but he has  
no right to arise in the city council  
and impugn the motives of the leading  
men of Newark.

If Mr. Stare or anyone who may  
agree with him can produce a state-  
ment to show how and when the city  
plant can be put on a basis to earn  
\$21,000 at twice the proposed cost the  
Advocate would like to print the  
facts and figures. If the old plant can  
be gotten out of the way for \$100,000  
or less no time should be lost in get-  
ting it.

## HOW HARDING WAS NOMINATED

Analysis of the three ballots re-  
quired to select a Republican candi-  
date for governor is helpful to the un-  
derstanding.

As the roll of counties was called  
in alphabetic order 30 counties (more  
than one-third of the whole number of  
counties) voted before Hamilton  
county was called.

Out of these 30 counties Harding re-  
ceived 124 votes on first ballot, 182  
votes on second ballot and 178 votes  
on third ballot. In the same coun-  
ties Brown received 150 votes on first bal-  
lot, 167 votes on second ballot and 21  
votes on third ballot. Garfield's vote  
in the same counties ran down from  
14 on first ballot to 3 on second ballot  
and only 4 on third ballot, while  
Longworth's vote in these same 30  
counties grew from 21 on first ballot  
to 113 on second ballot and 143 on  
third ballot.

Although Harding's total vote on  
second ballot showed a slight gain  
over his vote on first ballot, the vote  
by counties shows that in the first 30  
counties called before Hamilton voted  
Harding received less votes on second  
ballot than were given him on first  
ballot and received less votes on third  
ballot than were given him on second  
ballot, a positive indication that his  
strength was waning and that he  
would not have been nominated on  
third ballot if Cox had not come to  
his rescue, for the same ratio of losses  
in the remaining counties would have  
made his total vote on the third bal-  
lot less than he received on first bal-  
lot.

These figures also show that in the  
30 counties preceding Hamilton on the  
roll call, Longworth received more  
votes than Brown on second ballot  
and that Longworth's vote on third  
ballot in the same group of counties  
was larger than Brown received from  
the same counties on first ballot.  
Harding, Brown and Garfield lost  
steadily in the first 30 counties and  
only Longworth was gaining when  
Cox turned the convention topsy turvy.

It is worthy of notice that Harding  
had only 179 out of the whole number  
of delegates when Hamilton county  
was reached on third ballot. As there  
were 1036 delegates in the convention,  
534 being necessary to a choice, out  
of more than one-third of the whole  
number of counties which voted be-  
fore Hamilton county was called  
Harding had less than one-third of  
the number necessary to nominate.

This analysis proves, therefore,  
that Cox threw the entire strength of  
his delegation to Harding when Har-  
ding's vote was receding and when  
Longworth's vote was increasing by  
leaps and bounds. Even the shrink-  
age in Brown's vote from 134 on first  
ballot to 51 on third ballot in these 30  
counties went to Longworth instead  
of to Harding. If Cox had stood by  
Brown on third ballot Longworth  
would have been nominated instead of  
Harding.

By swinging his entire strength to  
Harding when Harding was losing  
Cox stopped the stampede that had  
set in toward Longworth, and turned  
the tide in Harding's favor. Cox's 97  
votes in Hamilton county added to the  
votes Harding had received on the  
preceding ballots were sufficient to  
give Harding 50 more than the re-  
quired number of votes to nominate,  
and that starting the scramble  
among the smaller counties which  
voted after Hamilton to climb upon  
the Harding band-wagon.

Cox clinched Harding's nomination,  
replaced Burton and cut off Longworth  
all at the same time when he swung  
the 97 votes of Hamilton county from  
Brown to Harding on third ballot.

## AHEAD OF HARDING.

In his speech as temporary chair-  
man of the g. o. p. convention Nick  
Longworth tried to ridicule Governor  
Harmon by declaring that "Harmon is  
running for president of the United  
States on local issues."

There is some sense to a campaign  
like that in comparison with Harding  
running for governor of Ohio on a  
stand-pat tariff platform.

## DODGED THE

## MAIN POINT

"The tariff has been revised in ac-  
cordance with the Republican doctrine  
of protecting home industries and  
American labor," says the g. o. p.  
platform adopted at Columbus. The  
platform very carefully avoids any  
such statement as that the tariff was

revised in accordance with the Repub-  
lican platform of 1908.

Even the stand-patters do not care  
to undertake to prove that revision  
upward accords with promises of re-  
vision downward.

To fill the vacancy on the civil ser-  
vice commission caused by the resig-  
nation of William C. Christian, E.  
Cary Norris, the well known insur-  
ance man has been appointed. Mr.  
Norris is a Republican, but that fact  
does not deter the Advocate in saying  
that he possesses the qualifications of  
a good official. In his work on the  
commission Mr. Norris will have the  
interests of the community in mind.

## CLEAR CASE OF "FRIENDS"

The platform adopted at Columbus,  
on which Mr. Harding stands as a  
candidate for governor, declares that  
the tariff law passed last year "has  
justified the expectations of its  
friends."

To be sure. The tariff was revised  
by its "friends."

## LET US HAVE THE TRUTH

At the Council meeting last night  
Councilman Herman Elsner made the  
following statement:

"Now it looks to me like one  
or two men in this city hold a  
bunch of old water works bonds  
in their possession and want to  
get rid of them this way—want to  
put them on the city."

The Advocate will accord to Mr.  
Elsner honesty of belief in his state-  
ment, but he should acquaint himself  
with the facts of judicial record in  
this matter, by which he will readily  
understand that he is greatly misin-  
formed.

At the time the people of Newark  
voted for municipal water works own-  
ership the old water works plant was  
mortgaged to New England bond-  
holders for \$25,000. When the old  
water works company's contract with  
the city ended on September 1, 1908,  
the company stopped making any  
further interest payments on these  
bonds, and the bondholders began  
suit in the United States Court at Cin-  
cinnati for the foreclosure of their  
mortgage. On this mortgage fore-  
closure the plant was sold, the bonds  
were wiped out and no bonds are now  
in existence. The purchase was made  
by Mr. Verrill of Portland, Maine, and  
it is with him the city will transact  
business if it concludes to buy the old  
plant and add it to the municipal sys-  
tem.

As Mr. Elsner constitutes one of the  
committee appointed last night to act  
upon the water works proposition, he  
will have ample opportunity to get at  
the truth on this matter and the Ad-  
vocate hopes he will do so.

## THIS AND THAT

What brand of insanity will figure  
in the coming trial of Dr. Crippen?  
Perhaps the answer will come when  
the size of the dentist's bank roll is  
disclosed.

Only occasionally nowadays do we  
read a paragraph about Harry K.  
Thaw. This nice August weather is  
not the only thing we have to be  
thankful for.

Senator Aldrich's denunciation of  
Senator Bristow will tend to increase  
the latter's popularity in the west.

The Columbus Chamber of Com-  
merce peace meeting was rather a  
stormy affair. The only thing the  
members could agree upon was a  
declaration for the preservation of  
law and order.

Dr. Crippen's companion is said to  
have used a safety pin instead of sus-  
pender. The wind disclosed the fact  
and the incident was reported to  
Captain Kendall, who shortly after-  
ward sent a wireless expressing his  
belief that Dr. Crippen and Miss  
Leneve were on board.

The Cox-Burton squabble has  
reached the acute stage. The Cin-  
cinnati hostilities called the Cleveland  
senator all sorts of names, including  
that of a "pinhead" and "stupid."  
Burton retorts with "the short, ugly  
word." Prize fighting isn't permitted  
in Ohio and Reno is too far away, so  
the battle will have to be fought out  
in the newspapers.

WANTED—SALES LADIES. THE  
POWERS-MILLER CO. 1d3

Stagers Skeptics.  
That's clean, nice, fragrant com-  
pound like Bucklen's Arnica. Salve  
will instantly relieve a bad burn, cut,  
scald, wound or piles, stagers skel-  
tics. But great cures prove it's a  
wonderful healer of the worst sores,  
ulcers, boils, felons, eczema, skin  
eruptions, as also chapped hands,  
sprains and corns. Try it. 25c at  
F. D. Hall's, druggist.

## WILL TESTIFY AGAINST CRIPPEN

Newport, R. I., Aug. 2.—Mrs. Robert  
Mills of Newport, half sister to the  
murdered wife of Dr. H. H. Crippen,  
is today preparing to leave for Lon-  
don to testify against the dentist,  
when he is returned from Quebec. Mrs.  
Mills stated today that she and her  
sister, Mrs. Hunt, of Brooklyn, have  
been requested by Scotland Yard de-  
tectives to return to England to help  
establish the case against Dr. Crippen.  
Mrs. Mills may go to Canada.

## MAY ABANDON CAR SERVICE ON SOME STREETS

Columbus, Aug. 2.—The state admin-  
istration through Major General Dick  
and Adjutant General Weybrecht, has  
put up to Mayor Marshall the proposi-  
tion of abandoning all car service ex-  
cept on North and South High, West  
Broad and East Long. The object Dick  
and Weybrecht have in mind is to re-  
duce the state's enormous expense by  
sending back home three regiments of  
infantry and Troop A of Cleveland  
Cavalry. Troop B of Columbus, Battery  
C of Columbus is to guard the street cars  
on High, Broad and Long streets.

## DENY RUMOR OF STRIKE SETTLEMENT

Toronto, Aug. 2.—Rumors were fly-  
ing about Toronto and Montreal today  
to the effect that the strike of con-  
ductors and trainmen on the Grand  
Trunk railway was settled in Mont-  
real. It was given at the company's  
offices that in all probability the  
strike would be called off. As it was  
known that President Hays and the  
strike leaders were in conference,  
some credence was given to the rum-  
or. However, the men's represen-  
tatives deny it.

## OBITUARY

### MR. BAYARD WEBBER.

Mr. Bayard Webber, one of New-  
ark's best known and most highly  
respected citizens, died at his home,  
192 West Locust street, on Monday  
afternoon at 4:30 o'clock, after an  
illness of about six weeks with uric  
acid.

The deceased was a son of Francis  
and Mary Webber, and he was born  
near Berne, Switzerland, on March 9,  
1848, and was therefore a little past  
62 years old. He came to the United  
States in 1852 and settled at San-  
dusky, O. On September 25, 1871,  
he was married to Miss Mary Louise  
Maurath, a daughter of Bernard and  
Theresa Maurath, formerly was  
known and highly esteemed resident  
of Newark. From this union six  
children were born, all of whom sur-  
vive, being Mrs. F. R. Hunt of Cleve-  
land, O., Carrie, Mary, Gertrude and  
Willard and Herbert Webber. These,  
together with the widow, have the  
sincere sympathy of all their friends  
in their great sorrow.

At the age of 19 Mr. Webber held  
the position of passenger engineer on  
the old Sandusky, Mansfield and  
Newark Railroad, holding the posi-  
tion for a short time, when he linked  
his future hope and success with the  
firm of Scheidler & McVannar, manu-  
facturers of engines and portable  
saw-mills in this city. After Mr.  
Scheidler withdrew from the firm he  
remained as its superintendent and  
has been with the old works through  
all its changes up to about six  
weeks ago, when he was taken sick.  
The funeral services will be held  
at the St. Francis de Sales church on  
Wednesday morning at 9 o'clock,  
conducted by the Rev. Father B. M.  
O'Boylan, and the interment will be  
made in Mt. Calvary cemetery.

### MANLEY ROBERTS.

One of the best known farmers in  
Muskingum county, Manley Roberts,  
died at 7:30 Saturday night at his  
home south of Zanesville. He was in  
only two days' death resulting from  
obstruction of the bowels.

Mr. Roberts would have been 80  
years old had he lived until Aug. 17.  
The deceased is survived by ten  
children, his wife having died three  
years ago. Of the children, one of  
the daughters is Mrs. Rollin Hardway  
of this city.

The funeral services were held at  
the Goshorn church Tuesday morn-  
ing.

### MR. SAPP'S FUNERAL.

Mt. Vernon, Aug. 2.—The funeral  
of Dwight E. Sapp took place this  
afternoon. Rev. Wm. E. Hull offi-  
ciating.

### MR. JOSEPH LEE.

Joseph Lee, a well known man  
residing about four miles south of  
Newark on the Hebron road with his  
brother, James Lee, died at an early  
hour Tuesday morning after an ill-  
ness of some time. The deceased  
was aged about seventy-six years.  
The body was brought to the city  
and prepared for burial by Under-  
taker George Bowers. At this time  
it is not known when the funeral  
will take place.

### INFANT'S DEATH.

Willard Theodore Dinninger, aged  
three weeks, son of Mr. and Mrs.  
Henry Dinninger, died this morning  
at the home of the parents, 277  
North Buena Vista street. The fu-  
neral services will be held Wednes-  
day afternoon at 2 o'clock from the  
residence.

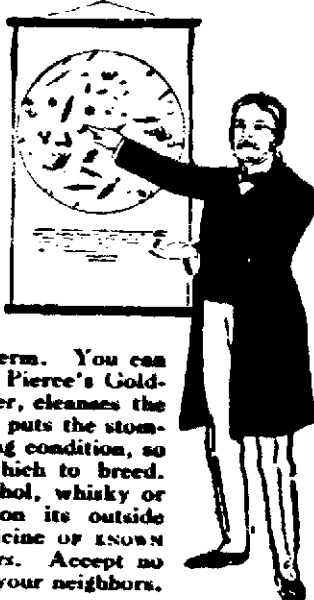

### CARD OF THANKS.

We desire most heartily to thank  
Mr. P. H. Graff and Frank Lippert  
and the many other kind friends  
and neighbors, also the choir and  
Pastor T. C. Biddle and the children  
for their kindness and sympathy  
during the sickness and death of our  
beloved darling, and also for the  
beautiful floral offerings.  
MR. AND MRS. HENRY SMITH.

## Afraid of Ghosts

Many people are afraid of ghosts. Few people  
are afraid of germs. Yet the ghost is a fancy and  
the germ is a fact. If the germ could be magnified  
to a size equal to its terrors it would appear more  
terrible than any fire-breathing dragon. Germs  
can't be avoided. They are in the air we breathe,  
the water we drink.

The germ can only prosper when the condition  
of the system gives it free scope to establish it-  
self and develop. When there is a deficiency of  
vital force, languor, restlessness, a hollow cheek,  
a hollow eye, when the appetite is poor and the  
sleep is broken, it is time to guard against the germ. You can  
fortify the body against all germs by the use of Dr. Pierce's Gold-  
en Medical Discovery. It increases the vital power, cleanses the  
system of clogging impurities, enriches the blood, puts the stom-  
ach and organs of digestion and nutrition in working condition, so  
that the germ finds no weak or tainted spot in which to breed.  
"Golden Medical Discovery" contains no alcohol, whisky or  
habit-forming drugs. All its ingredients printed on its outside  
wrapper. It is not a secret nostrum but a medicine of known  
composition and with a record of 40 years of cures. Accept no  
substitute—there is nothing "just as good." Ask your neighbors.

# 20% DISCOUNT

On all Men's, Women's and  
Children's Low Shoes and  
Oxfords.

You can figure the discount  
yourself.

We reserve absolutely  
nothing.

# SUMMERLAND BEACH

# Daddy's Bedtime Story

The Fox and the Stork

Served the Olives in a Tall, Deep Bottle

"CHILDREN," asked daddy one evening, "can either of you tell me what a stork looks like?"

Both Evelyn and Jack wanted to answer, but daddy let Evelyn tell.

"It's a big bird with long, thin legs and a very long sharp bill," said she. "That is correct," said daddy. "Now, I am going to tell you a story about that long bill."

"A long, long time ago there was a stork which lived by himself and had very few friends. Strange to say, one of his friends was a fox. The two were quite intimate and visited each other often. Once, however, after one of the stork's visits the fox said to himself:

"That bird is certainly greedy. Every time he comes here he eats everything I have in the pantry. I'll have to fix him." So he thought up a very clever scheme. The next time Friend Stork came to visit Mr. Fox the bird said:

"I'm pretty hungry today. What's on the bill of fare?"

"I am very sorry," said the fox, "but I have nothing to eat today but some nice soup."

"Very well," said the stork, "let's have some soup."

"But when the fox served the soup the stork could not eat any, for it was served in a broad, shallow dish, and he could not get any with his long, sharp bill. Cuddling Mr. Fox laughed to himself, but he said: 'I see, you cannot eat any of this splendid soup. I shall have to eat it all myself.' And he did so."

"But by and by the turn of the stork came around. Mr. Fox sent him a letter that he was coming to visit him the following day. When he got there he waited until dinner time and then said:

"Well, Friend Stork, I could enjoy a nice little bite to eat now. Have you anything good for dinner?"

"Why," said the stork, "yes. I have some very fine olives."

"That's good," said the fox, "for if there is anything I am fond of it is olives."

"But when the olives were served he changed his tune. The stork had made up his mind to get even with the fox for the trick with the soup, and he served the olives in a tall, deep bottle. Of course the stork could easily reach into the bottle with his bill and take out the olives, but the fox could not get into the bottle, no matter how hard he tried. So he had to sit by and watch the stork eat all the olives."

## TOLD IN PARAGRAPHS

### MASONIC CALENDAR.

Ame Lodge, Aug. 11, 7:30 p. m. Regular.

Open Friday Evening.  
The Long Department Store will have a formal opening in their new quarters in the Arcade and North Fourth street on Friday evening of this week. The hours are from 7:30 to 9:30.

Using Big Engines.  
The big passenger engines on the Pennsylvania are now of the K-2 type, and are the largest engines used in the country. These engines are used on trains Nos. 3, 6 and 10 on the Pan Handle. They are built for making time.

Mr. Atherton Leaves.  
Herbert Atherton and wife, and Vince Boggs and wife left Tuesday for Los Angeles, Cal., where they intend making their future home. Mrs. Boggs is a daughter of Mrs. Atherton. Mr. Boggs has made arrangements with John Zimmerman to fill his place in the Fourth street meat market.

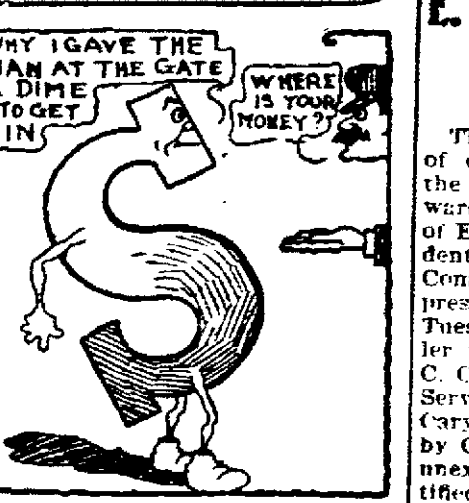

Jurisdiction Extended.  
In charge of advertising and passenger train schedules, together with such other duties as may be assigned him, the jurisdiction of W. E. Lowe, assistant general passenger agent of the Baltimore and Ohio railroad, has been extended over the Baltimore and Ohio Southwestern and now embraces the entire Baltimore and Ohio system.

Conference of Ohio Methodists.  
Newark Methodists identified with the Ohio Conference will be interested to learn that the next session of the conference is to be held at Logan, beginning Wednesday, September 14, and will continue in session over the following Sunday. Bishop David H. Moore will celebrate the fiftieth anniversary of his ministry by presiding at its sessions. This is eminently fitting, for Dr. Moore is an Ohio man, born at Athens and educated at the Ohio Wesleyan University.

Fare to Buckeye Lake.  
Through some misunderstanding the traveling public have the impression that the rates between Newark and Buckeye Lake have been raised in accordance with the new tariff rates recently in effect on the Ohio Electric Railway. Mr. B. B. Bell, D. P. and F. A. of the Ohio Electric, authorized the Advocate to state that the fare from Newark to Buckeye Lake on One Day Round Trip tickets will remain at 25 cents until Oct. 1st, at which time the new rate will go into effect.

The Best Hour of Life  
is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had. I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good for a medicine like that." It's the surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—any Throat or Lung Trouble. 50c. \$1.00. Trial bottle free. Guaranteed by F. D. Hall, druggist.

## WHAT IS IT?

What garden implement?

Answer to Monday's puzzle—Sailor's harp

## USE TIZ—SMALLER FEET

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well. No Matter What Ails Them.

Everyone who is troubled with sore, sweaty or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter Dodge & Co., Dodge Building, Chicago, Ill.

## THE MARKETS

**VIOLET VIRGINIA SMITH.**  
Violet Virginia Smith was born Aug. 25, 1903, departed this life Wednesday, July 27, 1910, aged 1 year, 11 months and 2 days. She leaves to mourn her death a father and mother and three brothers.

**Our Loved One.**  
From us now our loved one has vanished away. But hope that from it we will not forever stay. And when these days on earth have past, Then in heaven we all may meet at last.

D. P. VARNER.

## E. CARY NORRIS IS COMMISSIONER

The commission for the appointment of civil service commissioners under the municipal code, consisting of Edward Kibler, president of the Board of Education, William L. Pratt, president of the Board of Sinking Fund Commissioners, and W. B. Fulton, president of the City Council, met Tuesday at the call of President Kibler to accept the resignation of Wm. C. Christian as a member of the Civil Service Commission and appointed E. Cary Norris to fill the vacancy caused by Christian's resignation and for the unexpired term. This action was certified to the Civil Service Commissioners, to the Mayor of Newark and to the City Council. The other members of the commission are J. M. Phillips and S. L. Redman.

## AN IDEAL TONIC LAXATIVE.

Seaver's Laxative Tonic Tablets Are a Blessing to All Sufferers From Chronic Constipation.

The glad tidings will be gratefully received by thousands of suffering women as one of the greatest blessings of the century, that at last there is now being prepared an infallible remedy for the most neglected of all ailments, CONSTIPATION.

A relief and positive cure is within the reach of every sufferer and a fair trial may be had for the small sum of 25 cents.

A single box of Seaver's Laxative Tonic Tablets will convince any fair minded person that the remedy they have looked for in vain is now to be obtained at the Erman & Son's drug store.

These wonderful little tablets produce results right from the first and in an incredibly short time the functions of the bowels and liver will be found working in the manner that nature intended they should.

Try a box of Seaver's Laxative Tonic Tablets with the understanding that if no relief is obtained your money will be refunded as cheerfully as you paid it.

## LEGAL NOTICE.

The State of Ohio, Licking County, Probate Court.

Case No. 2697.  
Lillie M. Webb, as Executrix of Christiana V. Price, deceased, Plaintiff, vs.

Adelaide Mosier, et al. Defendants.  
Beaver Falls, Pennsylvania, Bartley Roney, who resides at 49 Clifton avenue, Allegheny, Pennsylvania; Thomas H. Webb, who resides at 199 S. Adams street, Peoria, Illinois; and Charles P. Webb, who resides at 627 E. Fayette street, Syracuse, New York, will take notice that Lillie M. Webb, executrix of Christiana V. Price, deceased, on the 25th of August, 1909, filed her petition in the Probate Court of Licking County, Ohio, alleging that the personal estate of said deceased is insufficient to pay her debts and charges of administration, and that she desired the following described real estate, to-wit: Situate in the County of Licking, in the State of Ohio, and being in the City of Newark, and being in lot Number 197, and being on East Main street in the City of Newark, Ohio. (Gloss. Number 258).

The matter of said petition is that said property be sold to pay the debts and charges aforesaid. Leonidas E. Webb and Charles P. Webb are hereby notified that they are made parties defendant to said petition and that they are required to answer the same on or before the 25th of August, 1910.

SMYTHE & SMYTHE,  
Attorneys for Plaintiff.  
July 12, 1910. 7-12-Tues-51

## HEAVY GUARD AROUND ALFONSO

Paris, Aug. 2.—Traflet of Police Leprie is taking every possible precaution today to guard the lives of King Alfonso and Queen Victoria when they arrive in Paris tonight, en route to England. The royal pair reached Rambouillet today where they were the guests of President Failloux at luncheon. They will leave Rambouillet late this afternoon and will stop at the hotel Menrice until Wednesday evening.

Paris is alive with Spanish refugees, who were turned back from their intended invasion of Spain on last Friday by an unexpected show of military strength. It is feared that some of these may attempt the life of Alfonso and he and his queen will be literally surrounded by police and soldiers during every hour of their stay in Paris. The railway station will be cleared on the arrival and departure of Alfonso.

## JOHNSON DESERTS HIS WHITE WIFE

New York, Aug. 2.—In view of the country wide agitation against the moving pictures of the Jeffries-Johnson fight as tending to stir up race prejudice today's Morning Telegraph prints a two column story of Johnson's alleged abandonment of his white wife in Chicago and his subsequent flagrant association with another white woman and calls upon the police to suppress this exhibition, by the negro champion as far more subversive of public morals and conducive to race hatred.

The Telegraph asks whether the pictures of the fight are more violating to virtue than the spectacle of Jack Johnson in real life parading a white paramour through the streets in a two-horse power auto and displaying her in association with himself in a public though very low way.

The Telegraph asks whether the pictures of the fight are more violating to virtue than the spectacle of Jack Johnson in real life parading a white paramour through the streets in a two-horse power auto and displaying her in association with himself in a public though very low way.

### HOT-WEATHER LIVER TROUBLE

Many people who generally enjoy good health suffer from biliousness in the summer time. Rich foods served ice-cold are difficult to digest by the majority, and often produce a chilling of the entire digestive tract. The liver thus becomes sluggish, when the condition known as biliousness results. This is often accompanied by constipation or indigestion. Serious as it may seem, however, to the unfortunate person, it is easily curable with a remedy such as the well-known Dr. Caldwell's Syrup Pepsin, which is a great laxative and tonic, and which contains ingredients that act upon the liver and stimulate it. It will relieve a hot-weather liver complaint over night and cure it lastingly in a very short time. If you have any indigestion of the stomach, liver or bowels, your first concern should be a supply of this grand remedy, which you can obtain of any druggist for 50 cents or \$1.00 a bottle. There will be enough and to spare for your complaint and that of your family. A FREE TRIAL BOTTLE will be sent to those who have never used it if they send their name and address to

**DR. W. B. CALDWELL, 400 Caldwell Bldg., Monticello, Ill.**

### WYOMING VALLEY

Miss Elsa Van Voorhis of Newark is spending a few days at home.

Mr. and Mrs. David Magill and two children, Edith and Robert, of Newark, spent last week with Mrs. Mary Weiss.

Miss Nellie Laura of Newark is spending this week with Mrs. Rosa Terman.

Mr. Louis Collison of Vanatta Burg called on Mr. and Mrs. C. E. Van Voorhis Sunday.

Miss Forest Crouse of near Hebron has returned home after a few weeks with Mrs. Rosa Terman.

Master Carl Dickey and Master Floyd Van Voorhis are spending a few days in Cleveland the guests of their brother and sister, Mr. and Mrs. Elsworth Van Voorhis.

Mrs. E. W. Hissong, who has been confined to her home with summer krippe, is reported better.

Mr. and Mrs. Call Hunt and son Lester, Mr. and Mrs. Ed. Neighbarger and son, Mr. Earl and sister Miss Eva, and Mr. Emory Albough and Miss Mabel Stasel, Mr. Bennet Hughes and Miss May Stair were visitors of Mr. and Mrs. David Berger.

Miss Florence Caine and Mrs. Paul Bannon of Newark spent Wednesday and Thursday with Mr. and Mrs. E. W. Hissong and family.

Miss Mattie Van Voorhis is confined to her bed with appendicitis.

On the 14th Rev. Mr. Coffman of Newark with another preacher of Newark, will be at White school. A large attendance is expected.

### CITY COUNCIL

(Continued from Page 1.)

and as Mr. Orr says, we should go ahead and do something, one way or another. Either buy the old plant or turn it down altogether and stop the rag chewing about it in the city council. I think that a committee should be appointed to look into the matter of the purchase of the old water works. Look at the amount of money, \$25,000 or \$30,000, that we are losing that would be coming in to the treasury if we had the old plant. It would be a good thing and then again, it will be two years or more before our own plant will be finished, and Mr. Thomas and some of the men up here the other night say the pipe was not injured at all, and I think myself the old pipe in the ground is really better than the pipe we are buying now. I think it would be well and good for this council

voted against it—voted for the \$485,000 or \$500,000. Now it looks to me like one or two men in this city had a bunch of old water works bonds in their possession and want to get rid of them in this way—want to put it on the city. If we can buy for that low price mentioned here, I believe the city would do very well to buy it. The old machinery is not very good, but we could make use of the reservoir and might use some of the pipes, and that is where the money comes in, but I think the matter should be finally disposed of at the next meeting, one way or the other.

**Committee Appointed.**

As the motion to appoint a committee was passed, all voting favorably except Mr. Stare, who didn't vote. President Fulton appointed on the committee Councilmen Orr, Prior and Elmsner and City Solicitor Bolton.

**Mayor's Report.**

The report of Mayor Ankele for the month of July was as follows: Fines in city cases, \$20; licenses, \$10; other collections, \$38; total, \$78; mayor's fees, \$18; officers' fees, \$9. Fines in state cases, \$252; mayor's fees, \$54; officers' fees, \$27.

**Protest Against Sewer.**

Fifteen property owners on Buckingham street entered a protest against the laying of a sewer on that street. They say there is no good reason why a sewer should be laid and they don't want it. The protest was received.

**Wants Salaries Boosted.**

Safety Director Rossell addressed the council and spoke in favor of a change in the salaries of the police and firemen. He said that more men are wanted in both departments, but the pay evidently fails to attract men for it is impossible to fill vacancies. He said the present pay for the men is \$60 for the first year, \$65 the second and \$70 the third. Mr. Rossell said if the men were started at \$65 and were then jumped to \$70 a good class of men would take the examinations for the departments.

**Repairing Crossings.**

President Fulton said he had heard from Freight Agent O. C. Parrell of the Pan Handle railroad and that men were at work repairing the crossings at Second, Third, Fourth, Fifth and Sixth streets. Mr. Fulton said he had also heard from Supt. Irwin of the B. & O. and that Mr. Irwin thinks the B. & O. will comply with the request of council and place crossing watchmen at the street crossings.

**Want Sewer Laid.**

Ten property owners on Central avenue ask that a fifteen-inch sewer be laid on that street commencing at Hoover street and running 500 feet south on Central avenue. The petition was referred to the street committee.

**Want Fire Station.**

A petition was read from the South Side Citizens' club asking that council give them better fire protection and erect a fire station in the South End as soon as financial conditions of the city will permit. The petition asks that the South End be given future preference in this matter. The petition was signed by 300 residents.

**Want Street Accepted.**

Another petition was read which was signed by four residents of Merchant street (Third ward). The petition says the street, while really

centrally located, has never been accepted by the city and that there are no street lights, water connections or sewer laid. The residents want the street accepted so it will have its rights. The street runs from Eleventh street west. The matter was referred to the street committee.

**More Paving Wanted.**

Seven property owners on Seventh street, between Locust and Granville streets, ask that the street be improved by sewerage and paving and the petition was properly signed. The petition was received.

**Want Sidewalk Laid.**

People living on the east side of North Sixteenth street asked that council pass a resolution to lay a cement sidewalk on that side of the street and also place an electric light on the street. The petition was received and filed.

**Make Prisoners Work.**

Mayor Ankele then addressed council and said that every day arrests were made for drunkenness and that the same people were arrested over and over again. He asked that council appoint a committee to devise some means to give these prisoners employment. Director Rossell suggested that the men be made to crack stone for street use and that each man be made to crack so many baskets of stone a day. He thought a committee on the subject would be able to think up some work for the prisoners.

**Ordinance Passed.**

An ordinance was introduced by Mr. Irwin, and placed on its second and third reading and final passage. To license hucksters, hawkers and peddlers. The license rate was fixed as follows: Selling of food stuffs in baskets or packages, \$25 a year; selling same from push carts, \$100; and from wagons the licenses will cost \$200. It will cost \$5 a day to peddle drugs, and to sell goods or merchandise the license is \$10 a week. There will be stands for the purpose of selling goods or attracting a crowd by singing, talking or playing except on East Main street from First to Front street and on West Main from Fifth to Sixth street.

**More Quick Work.**

An ordinance by Mr. Irwin was quickly introduced and passed that will prohibit the use of gasoline, naphtha and other light petroleum within the fire district of the city. This district is from Fifth street north to Locust, east to First and south to the B. & O. tracks. This will make it necessary for dry cleaning establishments or tailors to do their work or cleaning outside of this limit, and will prevent garages to keep gasoline on hand for automobiles.

**Will Purchase Hose.**

An ordinance was introduced by Mr. Stare to allow Safety Director Rossell to purchase \$2000 worth of fire hose which is needed. The ordinance was given its second and third reading and was passed.

**Will Receive Bids.**

An ordinance was introduced asking the newspapers of the city to bid on the city's advertising, legal notices, publishing of ordinances and other advertising. It was referred to the law committee upon motion.

**The Telephone Ordinance.**

The telephone ordinance giving the Newark Telephone company a franchise in the city for 21 years was given its first reading. The ordinance will give the city both automatic and manual phones that are intercommunicating. This system gives the telephone subscriber right to have either the automatic or manual telephone and as the system of intercommunication will be adopted a subscriber using a manual phone will be able to reach a subscriber having the automatic phone. The following scale of prices is given in the ordinance: For manual phone for business or professional purpose, \$2.00 a month; private residences, \$1.50; party line, \$1.25. The automatic rates will be business and professional phones, \$2.50; party line, \$2.00. Residences \$1.75; two party line, \$1.50; four party line, \$1.25.

**Given Second Reading.**

Mr. Stare's ordinance appropriating \$28,000 for completing the pipe laying on the municipal water works system was given its second reading.

**No more Firecrackers.**

Mr. Baker's ordinance prohibiting the sale or use of fireworks, fire crackers or balloons on the Fourth of July was finally passed. Mr. Orr and Mr. Elmsner voting against it. This means there will be no more Fourth of July celebrations in Newark.

**To Improve Cedar Street.**

An ordinance was introduced by Mr. Irwin to improve Cedar street from the cemetery north to the corporation line by paving and curbing. The ordinance calls for the use either of brick or water bound macadam.

**Suggests Dumping Ground.**

Mr. Orr suggested that the low ground in the rear of West Main street at the junction of Eleventh street be used as a dumping ground for street sweepings and other refuse. However, no garbage will be dumped there. Mr. Orr said that the owner of the lots wants them filled and will allow the city to use it for this purpose. The matter will be investigated.

**Miscellaneous Business.**

The city engineer will be asked to get the names of the property owners on South Sixth street so this street can be given the attention the residents desire. The resignation of W. C. Christian as a member of the Civil Service commission was read in council. The League of American Municipalities ask that Newark be represented at the meeting which will be held in St. Paul August 24 to 26.

### THREE REAL PIONEERS OF GRANVILLE

Granville, O., Aug. 2.—Among the real pioneers of Granville township spared to the present generation is Henry Palmerton, aged 87, C. T. Chapin, 87, and Deacon Daniel Shephardson, aged 85.

Deacon Palmerton, notwithstanding his advanced years, is spending the sunset of his life in peace and enjoyment in Granville. He is still hale and hearty and bids fair to live for many more years.

Although the snows of eighty-five winters have silvered the locks of Deacon Shephardson, abundant as they are, he still walks firmly erect, and has a life of quiet and ease with his daughter, Mrs. Orcutt, at their comfortable home near Shephardson College. Deacon Shephardson is a historical figure in Granville. Born in the village in 1825, he is probably one of the oldest native born citizens of Granville, and during his long, arduous and useful life he has accumulated a goodly competence, and has been officially connected with Denison University for many years.

Mr. C. T. Chapin is also one of Granville's oldest pioneer citizens. He is 87 years old, and the greater part of his long life has been passed on the farm. Several years ago he retired from the farm, and has been taking life easy with his aged companion in the village. He is a genial kindly old man, and his hundreds of friends both in Granville and elsewhere hope he may reach the century mark on the grand highway of life.

Charles Marriott, who has been employed in the gas field for some time, was arrested several days ago on the charge of being intoxicated, carrying concealed weapons, threatening to kill, using abusive language and several other charges. He was confined in the calaboose until Monday afternoon when he had a hearing before Mayor Barnes. The mayor after hearing the testimony, placed him under \$500 bond to keep the peace, and ordered him to leave town.

The regular meeting of Myrtle Lodge, No. 350, I. O. O. F., was held Monday night, when there was a good attendance of the members and considerable business of importance was transacted, among which was the conferring of the second degree on two candidates.

The regular monthly meeting of the village council will be held this evening.

At the regular meeting of Sharon Valley lodge, Daughters of Rebekah, to be held on Wednesday night, there will be four candidates for initiation.

Miss Mabel Pitts of Fostoria, who has been visiting in Granville and vicinity during the past week, returned home on Tuesday.

The ladies of the St. Luke's Episcopal church of this place are arranging for a social to be held in the basement of the church on Friday evening of this week. The ladies of this church are noted for their socials, and no one ever attends them but has a jolly good time. They extend a cordial invitation to all their friends to attend.

The name of the "Little Inn," which has achieved a most enviable reputation for the excellence of its service, has been changed to that of "The Oak Dining Hall."

Mr. and Mrs. Morris Beecher of Cornish, O., who have been visiting friends in the village during the past week, returned home Tuesday.

Quite a number of Granville Knights of Pythias will attend the meeting of the Past Chancellors' Association to be held in Alexandria tonight.

The funeral of Crayton Black, who died in Columbus Friday night of last week, was held at the Presbyterian church, this place, on Monday afternoon at 2 o'clock, the services being conducted by the Rev. J. T. Newell, and the interment was made in Mt. Calvary cemetery. Mr. Black was well known in Granville.

Miss Mary Freeman of Fostoria, who has been visiting here for a few days, returned home Monday.

He Just Can't Help It,

### NEW CORN CURE A REAL MARVEL

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.

**HALL'S PAINLESS CORN CURE**

Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

**HALL'S DRUG STORE**

Next Door to Interurban Station.

## MURDER CHARGE AGAINST C. J. CLY OF COLUMBUS

Carl J. Cly was charged with murder in the first degree at Columbus Monday night. A warrant was issued on the affidavit of Detective Mark Nolen, charging that Cly murdered his wife three weeks ago.

Cly has been recovering in the prison hospital from the effects of the bullet he fired into his own breast after he shot his wife. He is thought to be well enough to face Judge Osborn and probably will be arraigned during the day at Columbus. Cly's wife was formerly Miss Alice Douglas of Newark. Cly was born in Ohio. The full term of the grand jury

### RIOTING

(Continued from page 1.)

highly expensive proposition keeping all those troops there.

"But we will get rid of them shortly. The state shall not stand the expense of this thing much longer. The economy must come to terms with the men or the local authorities must take hold of the situation."

The governor said Major General Charles Dick had volunteered for duty. Here's the way Harmon described it:

"General Wehbrecht came to me the other day and told me Senator Dick had volunteered for active duty. 'The dickens be last I said. 'Yes,' said Wehbrecht, 'he has volunteered.'"

"Let him come on then and take charge," I told him, and Dick now has the field.

"I didn't have any idea there were so many officers in the major general's staff, though. They're all in Columbus, everyone of them with more gold braid and clanking side arms than you'd see in a national encampment. We have had no end of pomp and circumstance and more perfumed officers than privates."

Mayor Marshall and Safety Director McCune last evening united in signing this riot warning.

The attention of all persons is called to the following offenses against the law and to the severe penalties for violation thereof:

Throwing at street cars—Whoever throws a stone or other missile at a street railway car is liable to a fine of \$50 and imprisonment in the penitentiary for 30 days.—Section 1279, General Code of Ohio.

Obstructing street car tracks—Whoever places an obstruction upon any street railway track or hinders or destroys switches, is liable to a fine of \$50 and imprisonment in the penitentiary for 30 days.—Section 1279, General Code of Ohio.

Riotous assemblage—Whoever three or more persons assemble to do an unlawful act, or being assembled, refuse to disperse after the mayor's proclamation ordering them to do so, they are guilty of riot, and are liable to a fine of \$50 and imprisonment for 30 days.—Section 1280, General Code of Ohio.

Loitering—Whoever loiters upon the street, or refuses to move when ordered by an officer of the law, is liable to a fine of \$25 and imprisonment for 30 days.—Ordinance of council, No. 1017, passed June 20, 1907.

Whenever a penitentiary offense has been committed as above described, anyone, without a warrant, may arrest the person committing the same.—Section 1290, General Code of Ohio.

The police department and the state militia now on duty will strictly enforce the above laws, and the cooperation of all law-abiding citizens is expected.

This step was suggested during a mass meeting of the chamber of commerce yesterday by Colonel James Kilbourne. The warning will be printed on placards today and distributed in every section of the city.

Striking motorists are placing their homes for final adjustment on an attack in the courts on the company's blanket franchise.

That the courts will be asked to issue a mandatory injunction requiring the company to operate its cars in conformity with the terms of its franchise, if the present efforts, now making do not result in peace, was the statement made last evening by Attorney F. S. Monnett.

### JEALOUSY

(Continued from Page 1.)

dir. etc. to the Stewart mansion, which they entered to their death.

The Wallace woman was very large and strong, while Dr. Stewart was slender and not the woman's equal in battle. This may account for the fight which evidently took place before the doctor killed him.

Stewart was shot through the back of the head and through the back. Neither of the shots could have been self-inflicted. He evidently fell to the floor and from there was placed on his back by the woman, who then dropped at his side, placed the revolver between her own eyes and pulled the trigger.

The barking of a pet dog owned by Dr. Stewart, but which had not been let for some days, attracted the attention of the police, who were still loitering near the house, because they had heard Dr. Stewart had said to Europe.

Edna Wallace is thought to have been worth \$500,000. She and Dr. Stewart met some years ago under rather peculiar circumstances. Her auto had broken down when Stewart came along in a machine and spent some time in fixing her.

Stewart thought she was a member of the best society. The Wallace woman some days later called Dr. Stewart in one of the leading hotels where she introduced herself as a rich young woman of another name. Stewart had not asked the name of the beautiful woman whose auto-
